

GET READY FOR YOUR NEW ADVENTURE

The lifestyle needs of today's world have never been more demanding on the family SUV.

From the morning school run, to loading up the gear for your weekend DIY project to venturing off the beaten track for that holiday adventure, we expect more and more from our daily driver.

That was the starting point for the engineers at HAVAL when they began work on the new H9. It's designed to handle all your family chores with ease with its mix of luxury and comfort. It's also tough enough to create a new set of happy memories on whatever holiday trip your family throws at it.

Critically, it has been designed to ensure your most precious cargo is always protected with the latest safety features and security technology.
